

2024 EQUINE WELLNESS PACKAGES

We improve lives.

Introducing Central Vet's 2024 Equine Wellness Packages!

Our proactive approach can assist in early detection and effective management of potential health concerns. **Each package includes a thorough wellness examination, essential core vaccinations, and McMaster fecal egg counts with personalized deworming recommendations.**

Book at your convenience throughout the year by calling or texting us at **204-275-2038** or email us at info@centralvet.ca.

SAVE MONEY

Combining your horse's routine health procedures into a single package allows our team to work efficiently and cost effectively. This approach allows us to extend the cost savings directly to you.

BE PROACTIVE

Our packages are thoughtfully crafted to safeguard your horse's well-being by shielding them from common infectious diseases and proactively identifying emerging medical concerns before they escalate.

COLLABORATIVE CARE

You'll have the benefit of discussing any specific concerns, issues, or goals regarding your horse during the initial appointment with your veterinary team.

ADDITIONAL SERVICES

LYME VACCINE **\$40.00**

The Lyme vaccine can aid in preventing Lyme Disease for your horse.

COGGINS (EIA) TESTING* **\$90.72**

A Coggins test checks for Equine Infectious Anemia (EIA) —a viral disease in horses. A negative result is required for travel, shows and at some equine facilities.

SHEATH CLEANING **\$69.30**

Cleaning the sheath should be done at least once or twice a year, not only to keep it clean but also to check for tumours or pre-cancerous changes to the skin.

**Shipping not included.*

PODIATRY X-RAYS **\$206.80**

Podiatry x-rays can provide a wealth of information about what is going on inside the foot/h hoof — much of which we cannot see with the naked eye. X-rays may be forwarded to your farrier upon request.

CUSHINGS/PPID TESTING **\$166.55**

Equine Cushing's Disease (aka. Pituitary Pars Intermedia Dysfunction) is one of the most common diseases of horses greater than 15 years of age, this testing allows us to screen your horse and begin treatment promptly.

HOW OUR PACKAGES WORK:

1. **Contact the clinic by phone, text or email to enroll** your horse in the desired package and book the initial appointment. Each package includes all items listed in the Bronze Package in addition to what is indicated on the previous page.
2. **Indicate any specific health concerns** you may have with your horse when booking the initial appointment and any additional services or products you may require during this appointment.
3. **Complete our Patient History Form** in preparation for your horse's appointment to provide your veterinary team with pertinent information about your horse, especially if you won't be present for the appointment.
4. **A detailed report** will be emailed following all exams.
5. **All plans include 10% off equine deworming products**, you may shop our full selection [here](#).
6. **Earn Central Vet Loyalty points with all purchases.**

ADDITIONAL INFORMATION:

1. A fecal sample may be dropped off at the clinic prior to your initial appointment for the fecal egg count or please have a fresh sample ready for our team at the appointment. We recommend collecting a fresh sample (within 4 hours) by leaving your horse in a clean stall or tied up. This will ensure the sample belongs to that specific horse. Samples must be stored in the fridge once collected.
2. Travel is not included with the packages and will be charged in addition to the package if we are providing services on your premises. Travel charges are dependant on your location, contact us for an estimate.
3. Packages are valid from the date of purchase to December 31st, 2024.
